

In any instances in which such temporarily used facilities are not readily accessible to qualified individuals with handicaps, the Foundation shall make alternative arrangements so that such qualified individuals with handicaps can participate fully in the Foundation's activity.

(d) This section does not require the Foundation to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Foundation personnel believe that the proposed action would fundamentally alter a program or activity or would result in undue financial and administrative burdens, the Foundation has the burden of proving that compliance with paragraph (a) of this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Executive Secretary after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Foundation shall take other action not resulting in such an alteration or such burdens, but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the programs or activities.

(b) The Foundation shall take appropriate steps to provide individuals with handicaps with information regarding their section 504 rights under the Foundation's programs or activities.
